Ultimate Guide to Prepare DCP-315P Certification Exam for Lenovo Data Center in 2023
Use Real DCP-315P Dumps - Lenovo Correct Answers updated on 2023

QUESTION 28

Which feature of the Think Agile MX Certified Node with Storage Spaces Direct enables accelerated I/O capabilities for high storage performance?

- * CNOS
- * DCPMM
- * RDMA
- * ADDDC

QUESTION 29

What are three reasons to move to a public cloud?

- * Always the least expensive solution
- * Provides greatest control over customer data

- * Application marketplace allows faster deployment of software and services
- * Offers As-A-Service utility
- * Easier to control and predict cost of technology
- * No infrastructure to own or manage

QUESTION 30

What are the three versions of X Clarity Controller (XCC) available for the Think System servers?

- * Standard
- * Starter
- * Enterprise
- * Advanced
- * Basic
- * Professional

QUESTION 31

A client wants to deploy an AI platform. Their Deep Learning (DL) server must have more than 6GPU adapters.

Which server should you recommend?

- * SR860
- * SR670
- * SR590
- * SR650

QUESTION 32

Your customer is redesigning their network layout to a leaf-spine architecture. For the top of this tree they want switches that are able to provide at least 28x 10G bps optical ports.

Which switch should you recommend?

- * NE0152TO
- * NE1032
- * NE1032T
- * NE0152T

QUESTION 33

Which Think Agile Certified Node supports heterogeneous nodes in a cluster?

- * SXM
- * MX
- * HX
- * VX

QUESTION 34

Your customer needs 24TB of memory to run SAP HANA.

Which server should you recommend?

- * SR850

- * SR950
- * SN850
- * SR650

QUESTION 35

Your customer needs servers that support high storage capacity for an SDI environment designed around the ESX i hypervisor. The customer wants 2.5TB drive to decrease the power requirement.

Which solution should you propose?

- * SXM4200
- * HX1320
- * CP4000
- * VX5000

QUESTION 36

A client plans to deploy a turnkey cloud with a pre-integrated IaaS solution.

Which Lenovo solution will meet their requirement?

- * Lenovo ThinkAgile VX appliance
- * Lenovo ThinkAgile CP series
- * Lenovo ThinkAgile HX certified node
- * Lenovo ThinkAgile HX appliance

QUESTION 37

How many enclosures and servers does the SD530 with the Dual Ethernet Port SMM management module allow to be daisy chained across a single Ethernet connection?

- * 4 enclosures and 16 servers
- * 7 enclosures and 28 servers
- * 35 enclosures and 140 servers
- * 42 enclosures and 168 servers

QUESTION 38

What is a key question to ask your customer when determining which category of Lenovo Support Services is the best fit for their data center?

- * What type of OS are you running?
- * Do you have mission critical applications?
- * Do you have a hyper converged infrastructure?
- * Do you have a strategy in place for disaster recovery?

QUESTION 39

Your customer uses a Cat 6/ 7 network environment. They need a 10 GbE switch that will allow 23 servers to be connected with copper cabling using RJ45.

Which cost-effective switch should you recommend?

- * CE0128TB

- * NE1032
- * NE1032T
- * CE0152PB

QUESTION 40

Your customer just purchased 20 Lenovo Think System SR650 servers. They plan to manage all of them with Lenovo XClarity Administrator, and they need only 1Gb connectivity. You decide to offer a switch to connect all the XClarity Controller interfaces to one switch.

Which switch should you recommend?

- * NE1032
- * NE0152T
- * NE1032T

QUESTION 41

Your customer just decided to purchase two Think Agile HX nodes for their new Nutanix cluster. They plan to connect the nodes to their existing 10Gb switches from a different vendor.

What can you say to the customer so they will consider the purchase of Lenovo switches for this purpose?

- * The integrated Think Agile Network Orchestrator allows automate VM-aware network provisioning out of Nutanix Prism with an additional license
- * Think Agile HX nodes require at least 25Gb network connectivity
- * The integrated Think Agile Network Orchestrator allows automated VM-aware network provisioning out of Nutanix Prism
- * Only Lenovo CNOS is a certified network operating system for Nutanix

QUESTION 42

A client wants an SDI solution to run their mission critical workloads. They need four processors and 3TB of memory to support their application.

Which solution should you recommend?

- * Think Agile HX3520-G Appliance
- * Think Agile HX7820 Appliance
- * Think Agile HX7520 Appliance
- * Think Agile HX5520-C Appliance

QUESTION 43

Your customer is looking for a unified storage solution with the highest performance and lowest latency with the capability of storing cold data to cloud.

Which Lenovo Storage solution should you recommend?

- * DM7000H with Metro Cluster
- * DE6000F with Dynamic Disk Pool
- * DM7000F with Fabric Pool
- * DE6000H with Thin Provisioning

QUESTION 44

An enterprise customer has a hybrid cloud infrastructure. They want a storage system that will reduce storage purchases, and reduce the amount of data that travels over the network.

Which feature of the DM Series with ONTAP addresses their concern?

- * Ability to add hybrid Think System DM Series without disruption
- * De duplication, Compression and Compaction Technologies
- * Self-healing Dynamic Disk Arrays
- * Allows for the addition of capacity without adding controllers

QUESTION 45

A client has an application system with two Oracle databases, one SQL server, and a fileserver. They plan to backup their data by disk-to-disk backup.

Which Lenovo Storage product or solution can meet their requirement?

- * DM3000H
- * DM3000H and Snap Center
- * a backup server and tape drive
- * DE4000 system

QUESTION 46

Which two operating modes are supported by DCPMM technology?

- * Buffer Mode
- * Tiering Mode
- * Memory Mode
- * Cache Mode
- * App Direct Mode

QUESTION 47

Which two systems management interfaces are provided in the Think System ST50?

- * XClarity Provisioning Manager
- * Intelligent Platform Management Interface
- * XClarity Provisioning Manager Lite
- * Intel Active Management Technology (AMT) 12
- * XClarity Controller Standard

QUESTION 48

Which Lenovo fibre channel device offers director-class features and 512 ports?

- * DB800D
- * DB610S
- * DB400D
- * DB620S
