NO.24 Your company has had a strong fiscal year with a 15% increase in net income over the prior fiscal year.

Share prices are at an all time high. Working with Finance, you have arrived at a 2.5% merit increase

budget for the next fiscal year, a smaller increase than the last fiscal year. Finance has indicated that some

large capital expenditures will be needed next year, so the company needs to conserve resources.

Additionally, Legal is in final negotiations on a lawsuit that may be very costly to the company. Word of the

smaller increases has line management concerned that they will lose their best performers. Given all of

these factors, what is your best course of action?

- * Implement the merit increase budget as is because the anticipated financial obligations have made it

necessary

- * Meet with Finance and make a case for a larger merit increase budget because the loss of key talent

will cost more over the long term than the savings from the smaller merit increases

- * Gather the perspectives of all stakeholders, analyze their individual concerns and meet to determine

whether a compromise solution is possible

- * Recommend a reduction in force to eliminate poor performers, which will increase the merit budget by

reducing headcount

NO.25 Using efficient and cost-effective approaches to integrate technology into the workplace is most likely to do what?

- * Reduce compensation expense

- * Improve program efficacy

- * Select the best vendors

- * Compensate employees competitively

NO.26 The TSR , represented by the Total Shareholder Return (TSR) metric is the increase in what?

- * Earnings

- * Shares

- * Market capitalization

- * Increased market value and reinvested dividends paid

NO.27 What information is found on the balance sheet?

- * A list of what is owned, what is owed and the equity of an entity

- * The revenues and expenses incurred by an entity over a period of time

- * The change during the reporting period in cash and cash equivalents

- * The profitability of the company as of a specific date

NO.28 What best describes what forecasting helps the organization to do?

- * Recognize possible issues and concerns that will drive budget planning

- * Prepare quarterly and annual reports and their associated statements

- * Withhold payroll taxes for all elements of compensation

- * Anticipate future capital needs by determining when the organization will enter the next phase of the

business lifecycle

NO.29 To ensure appropriate funding levels, the compensation professional must generally do which of the following?

- * Possess a high level of education and competency in accounting principles

- * Determine which programs are crucial to the enterprise and which programs are expendable

- * Partner with multiple departments and external consultants and vendors

- * Demonstrate broad understanding of principles of financial management and business expertise

NO.30 Which of the following best describes the guiding principles and/or beliefs shared by stakeholders in an

organization?

- * Mission
- * Vision
- * Values
- * Strategy

company?

- * Production worker
- * Account executive
- * IT contractor
- * HR Director

NO.32 Quarterly financial reports typically include data for a given quarter compared to what?

- * The previous quarter
- * The budget
- * The same quarter in the previous year, plus the current six-month or nine-month cumulative comparables
- * The aggregate performance of the same quarter in the previous three years

NO.33 As a general rule, what are individual contributors most likely to ask about their compensation?

- * What the take-home pay will be
- * How their pay compares to co-workers
- * How the company sets compensation budgets
- * How the company makes pay decisions that affect them

NO.34 Regarding fixed and variable costs, what are Finance's primary concerns?

- * Fixed costs must be kept to a minimum, but variable costs can fluctuate since they tend to correlate with revenue.
- * Variable costs often have a heavier focus than fixed costs, which applies to all areas, including compensation.
- * Fixed costs and variable costs are equally important and both should be kept to a minimum.
- * Fixed costs are not a concern because they cannot be changed, so the focus is primarily on variable costs.

NO.35 What is a profit model?

- * The intention or purpose of the business
- * A descriptor for how the company works
- * The financial objectives of the organization
- * The plan for how the organization generates revenue and makes money

NO.36 What is the term for the skills, technologies, applications and practices of continuous iterative exploration

and investigation of past business performance used to gain insight and drive business planning?

- * Business forecasting
- * Business analytics
- * Predictive modeling
- * Statistical analysis

NO.37 Quarterly financial reports typically include data for a given quarter compared to what?

- * The previous quarter

- * The budget
- * The same quarter in the previous year, plus the current six-month or nine-month cumulative comparables
- * The aggregate performance of the same quarter in the previous three years

- * Compiling data needed to calculate salary budgets and merit increases
- * Identifying trends and key messages emerging over time
- * Reviewing historical trends to complete annual budgets
- * Providing quarterly incentive estimates for accruals

NO.39 What statement is most accurate regarding communication of compensation information?

- * Compensation professionals should anticipate the level of the audience and tailor messages to their needs.
- * Compensation terms and practices are unclear to most individuals who do not work in this area and communication should be tailored to the least informed member of the target audience.
- * The ready availability of information online has made it unnecessary for compensation professionals to tailor messages since individuals can research terms and concepts after the fact if they don't understand a communication.
- * Compensation terms are well-known and easily understood by most stakeholders.

NO.40 What challenge is most likely faced by a business with low market share and high growth potential?

- * Its ability to generate profits is unknown.
- * It is in the worst market position and has insufficient resources to continue operations.
- * It is unclear how to best utilize the high cash flow to sustain growth.
- * Its excess resources are often used to develop other businesses that may not be mission-critical.

NO.41 What metric should compensation professionals pay closest attention to for ensuring alignment between the compensation strategy and the HR and business strategies?

- * Variable pay costs as a percent of total compensation
- * Total compensation expense for the business, including base pay and variable pay
- * Reward costs as a percent of total operating costs
- * The organization's market comparatio

NO.42 Which of the following is the earnings available to equity owners after paying debt and taxes?

- * EBIT
- * EPS
- * Net income
- * Operating profit

NO.43 Regarding fixed and variable costs, what are Finance's primary concerns?

- * Fixed costs must be kept to a minimum, but variable costs can fluctuate since they tend to correlate with revenue.
- * Variable costs often have a heavier focus than fixed costs, which applies to all areas, including compensation.
- * Fixed costs and variable costs are equally important and both should be kept to a minimum.
- * Fixed costs are not a concern because they cannot be changed, so the focus is primarily on variable costs.

NO.44 What is the most accurate statement regarding forecasting?

- * It is a precise estimate of what the future holds for the organization.
- * It is done primarily by using historical revenue and expense data.
- * It is done primarily by evaluating market conditions and economic indicators.
- * It uses internal and external factors to help answer questions about business expectations for the

future.

NO.45 Information on the annual report shows results for what time period?

- * The calendar year from January 1 to December 31
- * The fiscal year, which matches the calendar year from January 1 to December 31
- * The fiscal year, which shows results from July 1 to June 30
- * The fiscal year, which may match the calendar year or may be a different 12-month period, depending on the company

NO.46 How are the compensation communication needs of managers different from those of individual employees?

- * They aren't. Managers are concerned about their compensation also.
- * They are also responsible for merit increases, incentives and hiring so they have greater information needs.
- * They tend to have more influence, so it is important to resolve any concerns they have quickly and efficiently.
- * They have more duties and responsibilities and are less likely to have the time to discuss compensation issues.
