

## [Jan-2024 Practice Cisco 500-560 exam. Online Exam Practice Tests with detailed explanations! Pass 500-560 with confidence! [Q34-Q57]

### Practice Cisco Channel Partner Program 500-560 exam. Online Exam Practice Tests with detailed explanations! Pass 500-560 with confidence!

500-560 - Cisco Networking: On-Premise and Cloud Solutions Practice Tests 2024 | DumpsMaterials

**NO.34** Which architectural component that allows the cisco Meraki data centers to be fully HIPAA and PCI compliant is most important?

- \* Layer 7 application fingerprinting
- \* nonexistent CLI
- \* controller and server-free designs
- \* out-of-band control plane

[https://meraki.cisco.com/lib/pdf/meraki\\_datasheet\\_cloud\\_management.pdf](https://meraki.cisco.com/lib/pdf/meraki_datasheet_cloud_management.pdf)

**NO.35** Which statement about how Cisco Meraki devices behave if they cannot contact the Meraki Cloud server is true?

- \* The devices may be re-initiated into a backup mode if an administrator manually intervenes using a direct, local connection.
- \* The network devices attempt to establish a connection to a locally hosted database server that has been configured for high availability.
- \* The network stops passing traffic across all devices and then interlaces including any connected non-Cisco Meraki devices
- \* The network devices continue to function normally (traffic flows at full line rate), but management and configuration functions are interrupted

**NO.36** Which product is considered part of the Cisco Meraki full stack?

- \* UCS servers
- \* MR wireless access points
- \* Aironet wireless access points
- \* Catalyst switches

**NO.37** Which next-generation feature can the Cisco Meraki MS platform support?

- \* Power stacking
- \* Fibre Channel
- \* Multigigabit Ethernet
- \* Multichassis trunking

<https://meraki.cisco.com/products/switches/features/#tabs>

mGig ports enable now only on MS355 and MS390 series.

Multichassis trunking is not feature.

**NO.38** Which Cisco product is the network management system,foundational controller,and analytics platform all the center of &#8230;. network?

- \* Cisco DNA Spaces
- \* Cisco Meraki
- \* Cisco DNA Center
- \* Cisco Wireless Solutions

**NO.39** Which option is the scalable management and bulk configuration tool used to manage Cisco Meraki MS switch ports?

- \* virtual stacking
- \* bulk templates
- \* aggregation configuration
- \* topology management

<https://meraki.cisco.com/technologies/stacking>

**NO.40** What is one-way Cisco DNA Spaces simplifies location services?

- \* Cisco DNA Spaces uses multiple dashboards for customers to segregate data
- \* Cisco DNA Spaces is run on-premises
- \* Cisco DNA Spaces focuses exclusively on customer behavior
- \* Cisco DNA Spaces provides a single pane
- \* a view of allocation-based services that can be customized based on the user and permissions.

**NO.41** How is an Organization defined within the context of the Meraki Dashboard?

- \* It is defined by the user's network construct and categorized as either small-medium enterprise (SME), campus, or a distributed enterprise.
- \* It contains Cisco Meraki devices, their configurations, statistics, and any client-device information
- \* It serves as the boundary of the account's administrative domain, including license, inventory, and user management
- \* It consists of multiple service provider resources, including support ticket management and API sandboxes

**NO.42** What features are included in the default IP Base model package for the ISR 900?

- \* basic connectivity, VPN, and Zone Based Firewall
- \* routing protocols, Zone Based Firewall, and MPLS
- \* routing protocols, quality of service, basic connectivity, VPN
- \* routing protocols, quality of service, and basic connectivity

**NO.43** Which two resources and tools are available within the Cisco Meraki Partner Portal? (Choose two)

- \* API developer files and virtual sandboxes for proof of concept testing
- \* Cisco Meraki Support ticket/case management and live help
- \* backup login page for the Cisco Meraki dashboard
- \* registration for Cisco Meraki training series and previous webinar training recordings
- \* lead generation tools including custom referral links and templates to webinars

**NO.44** Which two APIs does Cisco Meraki offer out of the box? (Choose Two)

- \* dashboard API
- \* scanning API
- \* Client device monitoring API
- \* automated failover
- \* remote logging API

**NO.45** Which portfolio of Cisco routers supports Aggregation?

- \* CSR 1000V
- \* ASR 1000
- \* ISR 4000
- \* ISR 900

**NO.46** In which two ways does the MX security appliance achieve automatic failover and high availability? (Choose two )

- \* Survivable Remote Site Telephony

- \* warm spare (using VRRP)
- \* dual redundant uplink support (multiple ISPs)
- \* always on (availability groups)
- \* redundant gateways (using HSRP)

<https://meraki.cisco.com/technologies/failover-and-ha>

**NO.47** Which two statements about FindIT Network Manager licensing are true? (Choose two.)

- \* The evaluation copy of the FindIT software supports up to 50 devices
- \* In addition to the cost of licensing, there is a one-time initial cost of the FindIT software
- \* Only Cisco 100 to 500 Series products are counted as managed devices.
- \* Licensing costs include phone support for the FindIT software.
- \* An additional license is required for each network manager probe in the network.

<https://www.cisco.com/c/en/us/products/collateral/cloud-systems-management/findit-network-management/datasheet-c78-737934.html>

**NO.48** Which portfolio of Cisco routers supports Aggregation?

- \* CSR 1000V
- \* ASR 1000
- \* ISR 4000
- \* ISR 900

**NO.49** Which two Cisco Catalyst switches offer fanless operation? (Choose two )

- \* Cisco 3560-CX
- \* Cisco 2960-XR
- \* Cisco 2960-X
- \* Cisco 2960-L
- \* Cisco 3650

**NO.50** Which two Cisco series switches offer stackability? (Choose two)

- \* Cisco 350
- \* Cisco 200
- \* Cisco 110
- \* Cisco 500
- \* Cisco 225

**NO.51** Which action occurs once an organization's licensing expires?

- \* Under the `Organization tab` the `License info` has a message that blinks yellow indicating your license has expired
- \* The organization loses all configuration and analytics information.
- \* The organization is immediately shut down.
- \* The organization enters a 30-day grace period to resolve the situation in order to return to compliance.

**NO.52** Which three features are Combined on a Cisco ASA 5500-X with FirePOWER services? (Choose three )

- \* identity services management
- \* email compromise, spoofing, and phishing protection
- \* advanced malware protection
- \* intrusion prevention
- \* CMX analytics
- \* firewall

**NO.53** Which three options are opportunities for partners to introduce Cisco Meraki products to existing or prospective customers? (Choose three.)

- \* Free Cisco Meraki refurbished equipment
- \* Cisco Meraki roadshow
- \* Cisco Meraki equipment rental program
- \* Webinars with a free AP for qualified attendees
- \* Free mobile device management with Systems Manager
- \* Free product trials

**NO.54** Which two Cisco Aironet access point, offer dual 5 GHz radio assignment? (Choose two )

- \* Aironet 3800
- \* Aironet 1815
- \* Aironet 1850
- \* Aironet 1830
- \* Aironet 2800

With Cisco Flexible Radio Assignment (FRA), found in the Cisco Aironet 2800 and 3800 Series Access Points, your wireless network automatically adds capacity by changing the access point from 2.4/5GHz radios to dual 5GHz radios.

**NO.55** Which description of a self-healing network is true?

- \* is continuously on and available.
- \* demonstrates the ability to drive change through insight into network activity.
- \* protects the assets and users within the organization
- \* adapts to changing needs beyond the limits of basic standards.

**NO.56** Which three characteristics of the Cisco Configuration Professional for Catalyst are true?

(Choose three )

- \* Utilizes Cisco Prime Infrastructure for remote administration
- \* provides Day-0 setup and configuration
- \* provides alerts that require administrative attention
- \* offers the ability to monitor system health
- \* used as part of the Cisco DNA, APIC-EM provisioning solution
- \* requires access to the CLI

**NO.57** Which technology is used by Cisco Stealthwatch to collect traffic for threat analysis?

- \* sFlow
- \* NetFlow
- \* SNMP
- \* RMON
