Candidates who pass the HQT-6741 exam will have the skills and knowledge required to manage and administer Ops Center effectively. They will be able to configure and customize Ops Center to meet the specific needs of their organization, monitor and report on the performance of their storage environment, and troubleshoot and resolve issues quickly and efficiently.

NO.17 Which option can be selected to enable email notifications for Ops Center Administrator monitoring events?
* SMTP Settings
* Notification Settings
* Both SMTP Settings and Notification Settings
* Neither SMTP Settings nor Notification Settings

NO.18 Which role is required to register an LDAP domain using Ops Center Administrator security settings?
* Security Administrator

* Storage Administrator
* Server Administrator
* Fabric Administrator

NO.19 Which type of replication provides a point-in-time copy of a volume within the same storage system or between two different storage systems?
* Local replication
* Remote replication
* Both local and remote replication
* Neither local nor remote replication

NO.20 Which type of drives provide significantly quicker access to data, up to 10 times faster than flash drives, and are more durable than flash drives in VSP 5000 series?
* SAS HDD
* SAS SSD
* NVMe SSD
* NVMe SCM

NO.21 Which of the following is NOT a VSP 5000 model?
* VSP 5000F
* VSP 5000G
* VSP 5000H
* VSP 5000X

NO.22 Which format is required to enter a valid user name for an Active Directory account domain in Ops Center Administrator security settings?
* User Principal Name (UPN)
* Security Identifier (SID)
* Distinguished Name (DN)
* Common Name (CN)

NO.23 Which VSP 5000 model can scale out to three node pairs and provide up to 69 PB of raw capacity and 21 million IOPS of performance?
* VSP 5100
* VSP 5500
* VSP 5100H
* VSP 5500H

NO.24 Which type of storage can be managed by Ops Center Administrator if NAS modules are included in the chassis of a supported storage system?
* Block storage
* File storage
* Both block and file storage
* Neither block nor file storage

NO.25 Which CLI command can be used to display the version information of Ops Center Automator and Common Component?
* hdscc -version
* hdscc -v
* hdscc -info
* hdscc -i

NO.26 HCA can generate alerts for a variety of events. Which of the following is NOT an event that can generate an alert?

* Storage system failure
* Volume capacity threshold
* LUN corruption
* User login failure

NO.27 Which type of port can be used to connect a storage system to a mainframe host or an external storage system?

* Fibre Channel port
* iSCSI/FCoE port
* Both Fibre Channel and iSCSI/FCoE port
* Neither Fibre Channel nor iSCSI/FCoE port

NO.28 What is the name of the video that shows how to provision a VSP in 5 simple steps with Hitachi Ops Center Administrator?

* Provisioning a VSP in 5 Simple Steps with Hitachi Ops Center Administrator
* GAD Provisioning with Hitachi Ops Center Administrator
* Get started with VSP Storage and Ops Center
* Speed Automation, Improve IT Operational Efficiency with Hitachi Ops Center

NO.29 Which VSP 5000 series model offers up to 5.1 million IOPS from two controllers with 99.9999% availability and can be non-disruptively scaled up to the VSP 5600-2N?

* VSP 5100
* VSP 5200
* VSP 5500
* VSP 5600

NO.30 Which feature of Ops Center Administrator eliminates the need for repetitive zoning tasks to be performed on the switch when attaching or detaching volumes?

* Auto-zoning
* Smart Provisioning
* Workload Agility
* Global-active Device

NO.31 The VSP 5000F model has a maximum capacity of:

* 256 terabytes
* 512 terabytes
* 1 petabyte
* 2 petabytes

NO.32 Which type of storage migration involves moving data from one storage system to another storage system that is connected to a different server?

* Internal storage migration
* External storage migration
* Both internal and external storage migration
* Neither internal nor external storage migration

NO.33 What is the name of the graphical user interface that shows key management information such as used and available capacity for Hitachi Ops Center Administrator?

* Dashboard
* Overview

* Monitor
* Report

NO.34 Which option can be selected to enable SSL or TLS for an Active Directory account domain in Ops Center Administrator security settings?
* Enable SSL/TLS
* Import Certificate
* Both Enable SSL/TLS and Import Certificate
* Neither Enable SSL/TLS nor Import Certificate

NO.35 Which component of VSP 5000 series provides front-end connectivity to hosts and external storage systems?
* Controller board (CHB)
* Data board (DKB)
* Interconnect engine (HIE)
* Service processor (SVP)

NO.36 HCA can be managed using a variety of methods. Which of the following is NOT a method for managing HCA?
* Web interface
* Command line
* API
* Email
